Mutation Testing: Getting Started And Tools To Use

I've started to see mutation testing be mentioned more and more in the meetup and slack spaces. It's not something I've ever had the chance to try myself yet so I have a few questions about it. Q1....

Can you think of any situations where this is the case?

Would there be any situations where you won't need to use black box testing/white box testing?

We know when we perform testing we have two common approaches black box testing and white box testing, I want know would there be any context where you...

The image shows a Facebook post from 'THE CLUB'. The post features a header with a cartoon orange monster on the left and the text 'GET INVOLVED!' on the right. Below the header is a section titled 'About the Ministry of Testing Hall of Fame category'. The text in this section reads: 'This category is for folk in the community that Ministry of Testing have recognised and recognise to be awesome. We want to acknowledge the awesome things that folk do with or for MoT. Links,...'. Below the text is a link: 'CLUB.MINISTRYOFTESTING.COM'. At the bottom of the post are three buttons: 'Like', 'Comment', and 'Share'. Below the post is a 'See More' link.
