

CS 4501/6501: Assignment 1

Due 31-Aug-2017

Purpose: Understand the differences between faults, errors, and failures

Instruction: Answer the following questions. Bring hard copies of your answers to class; either hand written or printouts. All homeworks are due before class on the due date. Please remember that the UVA Honor Code is in effect: You may use one of the collaborative options as specified on the [syllabus](#), but any help not allowed by that policy will be an honor violation.

[Total: 10 points]

Ammann/Offutt, edition 2, Exercise chapter 1, Number 5, do either *lastZero()* or *countPositive()* -- only one

Do not copy the solution
