Dear D.J.,

I am pleased to inform you that we approve your admission to graduate studies in our School of Engineering and Applied Science. We welcome you to our Master of Computer Science Degree Program beginning Fall 2017. Your admission is contingent upon receipt and satisfactory evaluation of all required transcripts and official test scores. We expect all supporting documents to be received before the beginning of your first term.

Your application for departmental financial aid has been reviewed and you have been awarded financial aid. You will receive a letter from the department with details of your financial aid package. You must accept or decline the financial aid package by the deadline specified in that letter. Please address any questions to the Computer Science Graduate Director.

If you choose to join our graduate program in Fall 2017, and we sincerely hope you will, please go to the Enrollment Page and click "Yes". If you are unable to join us, please inform us of that as well. We would be grateful if you would provide information on factors that led to your decision. Please respond at your earliest convenience.

If I can be of further assistance, please do not hesitate to contact me by email (iva3@virginia.edu) or to stop by the Graduate Admissions office in Thornton Hall, Room A-107.

Sincerely,

Shannon Barker, PhD
Director of Graduate Education
